

Girls-Spanked-Bottoms Domestic Slavegirl's Rules of the Home

In addition to Annie, the following 2 girls depict what a true **Domestic Slavegirl** desires:

20-Year-Old Girl: *I'm a 20-year-old girl who needs to be supervised, controlled, and spanked hard when I disobey or misbehave. I expect you to spank my bottom hard to make me cry a long time. I will serve you, and please you with my mouth and cunt. I want you to bind me; spank me; whip me; humiliate me; torture me with pussy-scrubbings, pussy-floggings, anus-canings, and anything else you want to do with my body; inspect me thoroughly inside and out; slap my face hard, especially if I talk-back to you or am insolent in any way toward you; suspend me in a **Punishment Room** where you will thrash me and punish me for a long time with whips and floggers—for an hour, 2 hours, or more—anyway that you see fit; pull my hair to drag me where you want to spank and punish me; as well as probe all my holes for your enjoyment and pleasure. My body is for you to use, abuse, and enjoy any way that you want.*

24-Year-Old Girl: *I'm a 24-year-old girl who needs to be spanked hard, and I can take a hard spanking. I expect you to hit my bottom hard to make me cry for a long time. I will serve you, please and worship you with my mouth. I will appreciate if you Bondage me, Spank me, Whip me, Verbally humiliate me, Physically humiliate me, Genital torture me, Body inspect me, Slap my face, Suspension me, Pull my hair as well as probe all my holes, please Master. I am a **No-Limit Slavegirl** a **Masochist Slavegirl** a **Sex Slavegirl** an **Extreme Pain Slavegirl** a **Domestic Slavegirl** a slavegirl who wants no-mercy, severe and harsh spankings, whippings, and beatings, and I mean beatings, not just hard hits to my body, but severe body blows that will knock me down and then you order me to get up as I scream and cry and you then slap my face hard to knock me down again, and then spank me for not standing as you order. When I'm on the ground wreathing in pain, I want you to use a bull whip to further my pain as you whip my legs, thighs, bottom, stomach, breasts, just my whole body, as I scream for mercy, but you give me no mercy. When I beg for you to stop, you drag me by my hair and bind me to a stall in a barn and whip me severely, and then take me over your knee and spank me hard for my begging you to stop.*

*Please, Master, I am a **No-Limit Slavegirl** I am your **Pain Slavegirl** **Sex Slavegirl** and **Domestic Slavegirl** Please accept me as your **Slavegirl** and use me as you want.*

High-Expectation of Domestic Slavegirls

Strictly Enforced
Rules of the Home with

Frequent Bare-Bottom Spankings

Over-the-Knee Spankings are Given Often and Hard

At **Girls-Spanked-Bottoms**, girls are frequently taken OTK and spanked hard on their bare bottom.

Domestic Slavegirls are treated especially harsh to assure their abject obedience!

That is, only for girls who are shamelessly servile, and thrashed for any resistance to submission!

A Domestic Slavegirl

Following are the messages sent by Annie, a no-limit **Domestic Slavegirl**, who wanted and needed to be spanked **"without mercy"**. **NOTE:** Annie is a very beautiful and lovely girl. Like many lovely and beautiful girls, she has always been catered to and given excuses when she misbehaved, so she never really learned to take responsibility and behave herself. Even though her boyfriend spanked her, he did not spank her hard enough to make any difference—as most boyfriends, fiancé's, and husbands do not do ... they just do not want to really "hurt" their girl. But, as Annie knows, if a girl's bottom is not really hurt, she will not learn. Annie went to a high school like many I have known, where attractive and beautiful girls never got anything but "A"- and "B"-grades! As a result, they never really learned their lessons. Annie did; however, succeed in spite of her beauty, as she is a cardiologist and surgeon. Very impressive for a beautiful girl! But now, as she admits, she has been a **"very bad girl"** and knows that she needs to be stripped naked and spanked hard. And, she needs to be controlled as a **Domestic Slavegirl** to help her learn to behave and be obedient. That in itself shows that **she is a very intelligent, capable and responsible young lady**. In addition, she fantasizes about being kept as a **"Little Girl"** by her **Master**. **This shows a lot of creativity!** She would be a joy to work with in our movies, if we can work things out. She could help a lot of other girls who write to me with many problems that they need to validate for themselves ... problems of cutting, being disobedient, not achieving their academic or work goals, not taking proper care of their fiancé/husband, not knowing how to give an **"amazing blow job"**, as Annie knows how to do [especially giving one to her boss! ... which many girls have written to me about doing, but always being afraid to perform], not knowing how to control the "gag reflex" when sucking, not being able to hold their orgasm until being given permission by their **Master**, which is very important, not holding their position properly when being spanked, resisting too much when being spanked and punished, not knowing how to control talking-back and being insolent, not knowing how to give their sucking-services after a spanking, as they are still crying, to thank their **Master** for their spanking, and so on.

Annie has much to offer in the training of other girls, if she will show up to be filmed.

A **Slavegirl** must learn to strip naked and assume her submissively-obedient position on the floor in subservience to her **Master** as she accepts her deserved spanking for as long as her **Master** wants to spank her. **Annie knows how to demonstrate for other girls what is required!**

"I have been a very bad girl lately and I deserve to be spanked with no mercy. So it would be an honor for me if you could make the effort of spanking me hard with me naked."

*"I'm 25 years old and I live alone in Seattle. I need a **Master** to supervise and control me and punish me severely. I weigh 121 pounds. I can get to Columbus and I'm okay with my spanking being filmed. I'm 5'5, and will fit nicely over your knee as you beat my bottom severely and without mercy. Yes sir, I know when I say 'with no mercy' what I'm getting into. If I am not spanked 'with no mercy' I will not learn and will not be punished properly. I was last spanked when I was 22 by my boyfriend."*

*"I accept your offer to punish me as I live in your **Guest Room** and service you as you order! I have sent my pictures below. I have been a very bad girl lately. I have a fetish and desire for getting naked and being spanked hard. And I would really appreciate if you could fuck me afterwards, or at any time you want. I can also give you the most amazing blow job you ever had. I will give you*

my ID proofs when we meet, I know that you need them so you can film my naked body being spanked and me serving you sexually any way that you want. I want you to use and abuse me any way you desire. I'm looking forward for you to spank me with no mercy and to fuck my brains out. I will be waiting for your reply. Please reply as soon as possible. Thank you."

"Dear Master Ken,

As your slavegirl, what exiting things will you do to my 'naked' body? I am fantasizing now as I stroke my clit about what you will do with my naked body, and want to fantasize more before we meet. I plan on staying naked all the time I'm with you so that I am always ready to be presented for you to spank or enjoy. I just found out that the company I'm working for has an office there so I could move there and continue our slave-master relationship as long as possible. Every day that I get home from work, I want you to take my naked body over your knee and spank me hard, just as you do with girls who come home from school who have not done their best. I am not doing my best at work, partly because I am fantasizing about sucking and fucking you, and getting my bare bottom beat hard by you! This will help me to focus my attention on your home and my sexual services that I have to give you. As you mentioned about what all things you will be doing to my naked body I'm already wet as I now have my finger in my vagina and am getting ready to cum. You have no idea how many times I finger myself reading your emails. And it is getting difficult at work when I read your emails and hide behind my desk with my skirt pulled up and my finger inside me! I am now wearing bikini panties to make it easier for me to masturbate at work. You can also share me with your friends if you want, and I know that you will spank me naked in front of them! And, I know that you will have me naked in your van, over your knee just beating my bottom severely! Please reply as soon as possible.

Your submissive slavegirl, Annie"

"My Dear Master Ken,

I could find my own house there, I don't want to be a burden on you.

OR

As you asked, I'm a surgeon, a cardiologist to be exact. So I can help you financially with my pay checks. As you are my Master, everything I own would be yours including my paycheck. I have been wanting to ask you if you could give me huge enemas as well before spanking me. I want to send you my nudes and thought it would be better to ask you first. I would be really happy if you would see them. I'm extremely sorry for replying so late, I know that I am your slavegirl and that my first priority should be you, my Master. I promise you this will not happen again, and I know that you will have to beat me with no mercy for being late. Please reply as soon as possible.

Your slavegirl, Annie"

"Dear Daddy/Master,

Thank you for being my Daddy! I will only bring my clothes, toiletries and money with me. And, I expect you to take them away as soon as I enter your home, and give them to me only when you approve. I've asked my boss to transfer me there, he agreed (**after me giving him an amazing blow job**) although he still hasn't told me when I can go there, therefore I don't know my work schedule yet. I'm looking forward for you to punish me because I replied you late the last time. I would be happy if you would spank me for being an hour late to reply to you, which means that you will use your **Punishment Hairbrush** on my bottom for 28 minutes—2,240 strokes (1,120 strokes to each cheek!). I was in a surgery, but I know that I must be punished severely regardless since there are no excuses for disobeying your orders. Any suggestions about the ddlg (Daddy Dom & Little Girl)?

Your slavegirl, Annie"

"Dear Daddy/Master,

Daddy, you have no idea how happy I become when you say you are proud of me. Any comments on my pussy and ass? I promise that I will have all my parts shaved properly and regularly. I have not planned yet if I will fly or drive there as I don't know when I will be transferred there, but I'm sure it will be after Feb 28th. I will most likely fly. You could distribute my money in 3 parts: 1. For the production of films; 2. for yourself; and 3. for my future. I make \$210,000 every 2 months as the salary for cardiologist surgeons is more than normal doctors. I'm looking forward to give you a blow job as well as the person you order me to serve. And, I know that you will have to whip me hard if I do not satisfy you as you desire. Sorry for not knowing what a **Casting Couch Audition** is. Obviously, I will definitely have to pass that audition!

Your daughter/slavegirl, Annie"

"Dear Daddy/Master,

Sorry I was out of the country for a severe operation that I had to perform. I now have to go to Fiji on February 9th and will return on February 28th. Sorry but I won't be able to reply you between these times. I know that you will have to whip and spank me severely for my failures. The pictures of my pussy I sent you are before and after I shaved it. You don't have to worry about my hygiene. I will douche and moisturize my pussy every day, unlike your former secretary. If I ever smell, I expect you to beat me without mercy, like an animal until I am screaming hysterically and crying convulsively. Although I will enjoy you shaving me. I know that I have to present my naked body to you any way that you order, and you will do with it whatever you want. How hard will you punish me if I go to Daija's kitchen? I know that I will be confined to my room when I am in the home, but I may sneak out. When I do, I'm sure you will beat me severely. We can renovate my room together when I get there. I'm looking forward for you to spank me naked in your SUV. I'm ready to sign all the **Consent Agreements** you give me—the **Model's Video and Photo Release, Waivers and Understandings** (Personal Statistics; Spanking, Whipping, Paddling, Caning, Etc. Corporal Punishment; Discoloration and Bruising of Bottom and Body as Part of Corporal Punishment; Spanking and Crying Understanding [I will cry convulsively]; No Termination of Corporal Punishment, or End of Slavegirl Position; No Slavegirl Job Interference; and Performance Dialog Parameters [no safe words]), and **Submission Consent Agreement**.

I thought a lot of money would be spent in the production of films. I earn \$210,000.00 in two months, all of which will be yours to use as you see fit.

One of my friends recommended that we do ABDL (adult baby diaper lover) when I told her about you. I see that you have done that with Brooke, but I would like it to be more intense with **Enemas, Anus-Spankings, Pussy-Floggings, Pussy-Scrubbings, Dildo Punishments**, and anything else you want to do with me. She said she would also like to be your slavegirl, if it's OK with you. Please do send me the rest of the power points.

Your daughter/slavegirl, Annie"

"Dear Daddy/Master,

Yes I have started my punishment journal and 5 pages are already filled. You will have a long list of punishments that I will need to schedule when I get there.

I'm going to Fiji for a health related conference meeting and to operate on the poor, who have heart illnesses but cannot afford going to a hospital.

I respect your rules and will follow them. They are extensive, but that is what a slavegirl should have. There must be no question about what is expected of her and what happens to her body when she disobeys or misbehaves.

The photo you sent of a red, bruised and blistered bottom is exactly what I expect my bottom to look like! That is the bottom of a misbehaving and disobedient slavegirl—and that is what I know that I need to punish me properly.

In the ABDL would you diaper me? I do expect you to since I am your little girl.

I will tell my friend to contact you. She is in the graveyard shift in the hospital so she might not be able to reply to you but I will let you know.

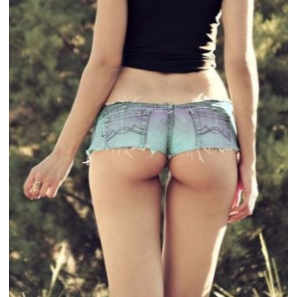

Thank you Daddy for the power point presentations.

Your extremely sorry (for not replying sooner) slavegirl and daughter,
Annie."

Domestic Slavegirls are treated much more harshly than are **Domestic Coeds/Daughters/Wives**. These rules are only for **Domestic Slavegirls**.

1. A **Domestic Slavegirl** will be obedient to the following rules and regulations. In particular, **a Domestic Slavegirl will be obedient to and do exactly what she is told to do by her Master. A Domestic Slavegirl will be spanked for even the slightest non-compliance with this list of rules—no exceptions. A Domestic Slavegirl will:**

- a. Dress as told to dress at all times or be naked as ordered.
- b. When in public, always wear an approved skirt and blouse, or dress.
 - i. Not wear shorts, slacks, or pants of any kind without permission. Of course, if she is found wearing the short-shorts shown here, she will first be taken OTK and spanked very hard on her bottom lips, and then made to take her shorts off and bend over again for a very long and hard spanking. Such insolence will not be tolerated!
- c. Wear only approved panties and bra, or none as ordered.
- d. Strip from the waist down or be fully naked, as ordered, and assume whatever position is ordered to receive her spankings. A **Domestic Slavegirl** does not always have to be naked when she is spanked, but she will practically always be spanked on her bare bottom. And, as shown here, she will be spanked until she is bruised as desired.

Here, **Slavegirl** Zara was caught trying to sneak out of the home. In order to get right to her spanking, she was simply ordered to raise her skirt, pull her panties down and bend OTK in the **Inverted-V Spanking Position** for a 30-minute hand-spanking. She was then sent to the **Punishment Room** where she was strung-up and given a 30-minute thrashing with a strap. Cheating, lying, or attempting to deceive in any way is considered a very serious offense, and a **Slavegirl** will be severely punished.

A Domestic Slavegirl will:

- e. Study when told to for the number of hours ordered.
- f. Bring to her **Master** all academic work, quizzes, tests, and report cards for evaluation and will be spanked for any grade less than an "A".
- g. Get all schoolwork done as required.
- h. Not get in trouble at school.

A holed paddle is an excellent implement to use on a **Slavegirl** to punish her for poor grades.

After a **Slavegirl** is spanked for poor grades, she must kneel and thank her **Master** for her spanking and promise to do better.

Positioning a **Slavegirl** properly to be spanked is very important. Here, Mila presents her bare bottom for the whipping she needs for not getting an "A"-grade on her test. This position is a favorite when she must be whipped for 30 minutes to an hour. Her whipping is easy to administer, and she can be hit very hard, which is very important when she does not get the grades she is supposed to get.

A lot of emphasis is placed on administering spankings to a **Slavegirl** who does not get good grades, since they are very important, and she must be punished severely when she does not achieve the goals that she is given by her **Master**.

- i. Be home **before** curfew. A **Domestic Slavegirl** will be spanked if she is even 1-second late.
 - i. "Curfew" does not only apply when coming home at night, but at any time during the day. If a **Domestic Slavegirl** goes shopping and she is told to be home at a specific time, then that is a "curfew". A **Domestic Slavegirl** will be given a **Curfew Spanking**.
 1. She will be spanked for 20 minutes for being late with the **Master's-Correction Blistering Punishment Hairbrush**, shown here.
 2. Then she will be whipped for 20 minutes.
 3. Then she must kneel to provide her sucking-services.
 4. Then she will be given a **Proprietary Spanking**.

A Domestic Slavegirl will:

- j. Not swear, drink, or smoke.
- k. Be in bed when told to be in bed.
- l. Never talk-back, sass, or in any way be disrespectful to her **Master**, and will have her face slapped repeatedly for any disrespect, and will then be spanked, and will then have her mouth washed out with soap and spanked again.
- m. Maintain required etiquette when eating, sitting, talking, socializing, etc., as ordered by her **Master**.
- n. Tell her **Master** her destination any time upon leaving the home and must call and ask permission if a change of destination is desired.
 - i. She will be given a **Preemptive Going-Out Spanking** before leaving the home and an **Obedience-Focusing Spanking** upon returning. These are 10-minute hairbrush spankings.
 - ii. If she called to report a change of destination, then she will be given a 15-minute **Jokari Paddle Disobedience Spanking** when she gets home in addition to her 10-minute **Obedience-Focusing Spanking** for not planning better and having to interrupt her **Master's** time. After her spankings, she will kneel to provide her sucking-services to thank her **Master** for spanking her and reminding her to plan better.

A Domestic Slavegirl will:

- o. Refrain from having sex unless authorized by her **Master**.
- p. Not masturbate unless authorized by her disciplinarian.
 - i. When she does masturbate, she must do so in front of her **Master**, or, at times, her **Master** will make her masturbate in front of guests. Forced masturbation is required of any **Domestic Slavegirl**.
- q. Take a bath when ordered.
- r. Not lie, cheat, or steal.
- s. Not be late for appointments.
- t. Not oversleep in the morning.
- u. Not talk on the phone unless authorized.
- v. Not surf the Internet unless authorized by her **Master** and will not indulge in unauthorized e-mail exchanges.
- w. Not sneak out of the home at any time.
- x. Not take too long to get ready when going out.

- y. Be obedient to her *Master's* total control for all domestic, academic, and personal activities.
- z. Complete all assigned domestic chores.
 - aa. Keep bedroom clean.
 - bb. Keep bathroom clean.
 - cc. Prepare or help with dinner as ordered and clean up afterwards.
 - dd. Wear only appropriate makeup as determined by her *Master*.
 - ee. Always behave properly and be obedient to her *Master* and anyone she is ordered to obey.
 - ff. Do yard work as ordered.
 - gg. Take out trash as ordered.
 - hh. Maintain proper hygiene.
 - ii. Submissively model when ordered.
 - jj. Not be bitchy.
 - kk. Clean car as ordered.
 - ll. Not resist being spanked.
 - mm. Complete all chores properly and on time.
 - nn. Always do her best in any activity.
 - oo. Be polite and respectful to those in authority.
 - pp. Exhibit "social graces" when company is present in the home.
 - qq. Behave in a responsible and safe manner.
 - rr. Pick-up and clean-up after herself.
 - ss. Play to win in any sporting activity.
 - tt. Strip naked in front of company when ordered for a spanking, or for any reason.
 - uu. Abide by additional rules that may be provided.

Master's Home Rules

- 1) Your **Master** has final say on any and all decisions.
- 2) Always let your **Master** know where you are going and who you are with. You must have the permission of your **Master** before leaving the home, and his permission to be with whomever you are going to see. You must receive a 10-minute **Preemptive Going-Out Spanking** with your hairbrush before leaving the home. You must report to your **Master** naked for your spanking, hand him the hairbrush, and bend over his knee.
- 3) You must answer your phone whenever your **Master** contacts you. If you do not answer, you will be given a 30-minute **Disobedience Spanking** when you get home.
- 4) You must ask your **Master** before finalizing any plans to include full details about everything you plan on doing. You must submit your plans to your **Master** verbally or in writing, if they are extensive, with enough time for him to review the plans and make any changes that he wants to make, and to then give you your **Preemptive Going-Out Spanking**. If you do not submit your plans with enough time for his review, you will not be allowed to go out, and you will be given a **Disobedience Spanking** for wasting his time, after which you must kneel and give him your sucking services to thank him for spanking you and teaching you a lesson.

A **Domestic Slavegirl** is often bound spread-eagle to her bed, with her hips placed over several pillows to raise her bare bottom round and firm to be whipped. This is especially so when she has wasted her **Master's** precious time. By being bound she can easily be given a 2- to 4-hour **Punishment Session** where she is whipped for 20 minutes and then left to scream and cry for 15 minutes or so, and then her **Master** returns to whip her again. As a result, she learns to plan better.

- 5) You must keep your **Master's** home clean and neat, and do not hide items in closets or from his view. If you bring anything new home, you must present the items to your **Master** for his approval. If he does not approve, you will be spanked.
- 6) You must always be honest. You must self-report to your **Master** if you have been disobedient or misbehaved, or not completed your work as expected, as well as tell him if you have not been honest. When you report to him, you must be naked and hand him the hairbrush, paddle, or strap that he will use on you.

- 7) You must always be obedient. You must self-report to your **Master** if you have been disobedient. When you report to him, you must hand him the hairbrush, paddle, or strap that he will use on you, strip naked and bend over as ordered.

- 8) You must receive permission from your **Master** for any Internet usage and tell him exactly what you are going to be viewing on the Internet. Also, you must report any Internet usage on your phone, and all personal phone calls that you make. You may use the Internet or your phone only for the amount of time your **Master** says that you can.
- 9) You will always be respectful toward your **Master** as well as all visitors to the home, or anyone you meet in public. If you are not, you will report to have your mouth washed out with soap, and then be spanked for 15 minutes.

- 10) You will report to your **Master** for your bedtime as ordered. You will be given a **Before-Bedtime Punishment Spanking** each evening to punish you for anything you did during the day for which you have not yet been spanked, or to reinforce the spankings that you did receive. This is a 10-minute spanking with your hairbrush.
- 11) All rules will be strictly enforced. Breaking certain rules continuously will lead to harsher punishments. In particular, your sexual services are very important, and you will be severely punished for failure to provide sexual services as ordered.

NOTICE

The main difference between a **Domestic Slavegirl** and a **Domestic Coed/Daughter/Wife** is that the **Domestic Slavegirl** must provide sexual services as ordered. Therefore, many of her rules will relate to her sexual services.

- 12) All punishments will be enforced as soon as your **Master** is able to arrange the time to do so. Your **Master** is very busy, and you are expected to cooperate with him in arranging for and administering your punishments. Most often he will send you to your bedroom or **Punishment Room** to get ready and wait for him to use you and spank you.

- 13) Discuss but do not argue with anyone. If you do, you will have your face slapped 50 times and then thrashed.

14) Do as you're told, without question—no whining about rules/punishments/etc., and no arguing. You can state your opinion when allowed, but in a calm, mature manner.

Whenever you want to speak, you must do so as shown in the following photo-story:

Wanting to Speak

At *Girls-Spanked-Bottoms Slavegirls* are not allowed to speak without permission. As seen above, often after the girl is spanked, she will be made to kneel upright at-attention as her **Master** talks to her about her behavior. During family meetings, she may be ordered to kneel as shown in the 2nd photo. During any such conferences, she will only respond to questions or directives given by her **Master**. If she wants to say something, she must say: "**Master, sir, may I speak?**" If given permission, she may say what she wants in a submissive and respectful manner. She will be punished with a *Disobedience Spanking* if she is insolent or disrespectful in any manner. If she wants to speak at any time when not in a meeting, she will strip naked, approach her M, and kneel as shown as she says: "**My Dear Master, sir, I beg your forgiveness, but I would like to speak with you** (or, "**I would like to talk with our guests**", as appropriate)." She must not speak with anyone without permission. When going out with her **Master** in the evening, she will most often be given blanket permission to speak, but can carry on a conversation with someone only if given specific permission to do so. When there are guests in the home, she may have to be spanked. If so, she is ordered to undress as ordered, baring her bottom or stripping naked, especially if her girlfriends are visiting or her boyfriend, and then bend over to be spanked.

She may also be made to stand at-attention with her legs spread if her **Master** wants to insert a dildo or vibrator into her or massage her to climax. She must hold her position until he is done with her, or she will receive a *Disobedience Spanking*.

Also, she may be made to kneel as shown at the left at-attention for corner-time, time-out, or confinement.

Anytime she speaks without permission, she will be punished in some manner.

- 15) Do everything with a smile and pleasant attitude.
- 16) Do not abuse substances—No smoking, do not drink without the permission of your **Master**, and tell your **Master** who you are with when you will be drinking and where you will be.
- 17) The severity of your punishment for breaking any rules will be determined by your **Master**.
- 18) Do not raise your voice to your **Master**. If you do, you will be immediately face-slapped and then spanked hard.
- 19) Do not roll eyes, stick tongue out, or say “**Whatever, go fuck yourself**,” in response to anything.
- 20) Do not say “**No**”, especially for sex.
- 21) All sexual needs of your **Master** will be taken care of by the **Domestic Slavegirl**, and she will be punished hard for any failure to serve him as ordered.
- 22) Do not withhold important information from your **Master**.
- 23) It is the **Domestic Slavegirl's** responsibility to take care of all household chores, to include, but not limited to: getting groceries, storing food properly, keeping all toiletries stocked, doing the laundry and ironing, mowing the lawn or shoveling the snow, taking care of all yard work, cleaning the home, etc.
- 24) Good behavior in public is expected. A **Domestic Slavegirl** will be taken to the van, stripped naked, and spanked hard for any misbehavior in public, and will then be spanked again when she gets home.
- 25) If you will be late getting home for any reason, you must call to let your **Master** know why. When you get home, you will be spanked. But, if you do not call and tell your **Master** that you will be late, you will be spanked, and then given a **Disobedience Spanking**.
- 26) If you need to be satisfied sexually, you are to tell your **Master** so that he can take care of your needs or tell you that you will not be satisfied.

When a **Domestic Slavegirl** is ordered to bend over for sex, she will obey!

- 8) *I must always give thanks to my **Master** for all I am given immediately after receiving what my **Master** gives me. I will kneel and provide my sucking-services to thank him.*
- 9) *I must be specific in my speech. I must speak properly and clearly. In public I must always agree with and support whatever my **Master** says, or I will be spanked hard both immediately in the van, and when we get home.*
- 10) *I will not hesitate when responding to my **Master**. When he asks me a question or tells me to do something, I will respond immediately as appropriate. If I do not do so, I know that I will have to be spanked so that I learn to respond properly and immediately. Not responding immediately is a sign of disrespect, and I must be punished severely if I ever disrespect my **Master**.*
- 11) *I will thank my **Master** for the discipline and punishments I receive, specifying what I received and expressing the reason as to why I was given them. After I am spanked, I will be made to stand at-attention, still crying, as I tell my **Master** what I have learned and thank him for spanking me before dropping to my knees to give him my sucking-services thanks.*
- 12) *I have no will of my own and must abide by all the rules I have been given by my **Master** and which are needed to assure my proper behavior and obedience, and to further my own ambitions which I am allowed to seek out according to the permissions I have received from my **Master**.*
- 13) *I am always in submission to my **Master**.*

A Domestic Slavegirl is for the Use and Pleasure of Her Master as a Sex Slavegirl

At *Girls-Spanked-Bottoms* *Domestic Slavegirl's* are frequently made to present themselves naked for the enjoyment, spanking, and use of her **Master**. She will lay back on an Evaluation Table and get her legs up and spread wide for his inspection and probing, or to be spanked hard. Or, at any time in the home, she can be made to layback on the floor and get her legs up so her bottom can be hit very hard. With full control of her body, her **Master** can shave her or make her bend over for him to thrust into her for his satisfaction. She is his property to do with what he wants.

A Domestic Slavegirl will often be found over her Master's knee getting spanked to help her learn to behave properly and be obedient. A Domestic Slavegirl will be heard crying throughout the day.

When I am not in the presence of my **Master** and I have choices to make, I will choose them according to what I believe my **Master** would desire, knowing that if I do not make the right choices I will have to be spanked and whipped hard, so that I learn to make better choices. It is only through harsh and severe bare-bottom spankings that I will learn to make proper choices and perform according to what is expected of me. This is especially so with my academic programs, where I am spanked severely if I do not get the grades I should get and complete my academic assignments properly and on time.

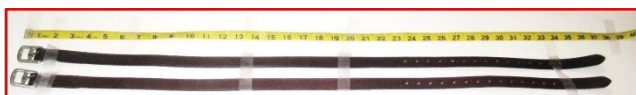

Schoolgirl Academic Punishments

At **Girls-Spanked-Bottoms Domestic Slavegirls** are spanked hard when they come home from school if they have been having difficulty with their academic performance. With **Domestic Slavegirls** after they are given their **After-School Academic Spanking**, they are sent to their room to study until it is time to prepare dinner. However, 1 hour after they have been sent to their room, their **Master** enters and takes them OTK and spansks them hard with a hairbrush for 5 minutes—200 strokes very hard to each cheek so that they are screaming and crying convulsively. They receive these spankings every hour until it is time to prepare dinner. **Domestic Slavegirls** are treated severely for poor academic performance since they are expected to be abjectly subservient and to do exactly what they are told to do. And, when they are told that they are to get all "A"-grades on tests, quizzes, reports, etc., and are to complete their homework properly and on time, then that is exactly what they are expected to do. They are provided tutors to help them with their coursework, and are made to study long hours, so there is no excuse for any poor performance academically. Severe beatings are in order when they do not achieve their expected performances. Further, on Saturday, they will be taken to the Punishment Room and strung up and thrashed, whipped, spanked, and caned during a 1- to 2-hour punishment session. Such implements as a **Stirrup-Strap Tawse**, **Punishment Strap**, **Punishment Paddle**, **Jokari Paddle**, etc. will be used on her. Normally I will whip a girl for 10 to 15 minutes and then pause for 5 to 10 minutes to watch her squirm and cry before whipping her again. Or, I may whip her for 20 minutes and then leave her hanging there for 30 minutes or more, and then return and whip her again. I normally do this during a 3- to 4-hour punishment session. These sessions are used especially for **Domestic Slavegirls** to impress on them that they had better study more and get much better grades since I will not tolerate an intelligent girl not doing her best!

As seen above, there are a variety of places where a girl can be strung-up. Obviously, a garage may be the easiest **Punishment Room** to prepare. It will normally take only 1 or 2 such sessions for a girl to start getting all "A"-grades and getting her academic work done as expected. Then, I can get back to just her regular academic punishments with her in her room, over my knee, as I use a strap to spank her hard. Routine academic punishments are normally sufficient to keep a **Domestic Slavegirl** in line and help her to get the academic performance expected. For her **After-School Academic Spanking**, I will just take her to her room and whip her hard, and then whip her again about an hour later as she is studying. These 2 spankings will keep her focused so that she will not have to be taken to a **Punishment Room** to be severely beaten.

Stirrup-Strap Tawse

A **Stirrup-Strap Tawse** is simply 2 to 4 stirrup straps bound together in such a way that when they are applied to a girl's bare bottom that they have the effect of 2 to 4 falls whipping her bottom with a variety of effects—the strap being applied as a "stripe", the holes of the strap (which can be made larger for greater effect) resulting in small "blisters", and the ends of the strap, when applied so they impact her cheeks, result in small welts or red marks. This tawse is a very effective spanking implement.

Shown here is the construction of a 2-fall tawse.

As shown at the top, one starts with 2 or more straps, or belts, that are 38" long, including the buckle. The straps themselves, as shown in the left photo, are about 36" long, with holes. The holes can be made larger with proper leather-working tools. Then, the straps are placed side-by-side and taped just below the buckles so they remain flat. Then, as shown in the next photo, the straps are taped together (I use electrician's black tape) half-way down; i.e., 18". 4 tapes are used to keep the straps in place. Then as shown in the next-to-last photo, the tape is wound around the straps from the buckle down 18" so it forms the "handle" of the tawse and keeps the straps relatively close together for control. The last photo, however, shows what happens upon impact with the girl's bottom—the ends will flair slightly so that she is spanked with 2 to 4 falls, depending on how many straps are used. 4 is preferable, although 2 or 3 are normally used. A proper whipping with this tawse will result in a girl screaming and crying convulsively after a 10- to 15-minute whipping which is normally required to punish the girl properly.

14) I shall wear the collar my **Master** gives me with pride for it signifies my **Master's** ownership of me and my devotion to him.

Collaring a **Domestic Slavegirl**

At **Girls-Spanked-Bottoms**, **Domestic Slavegirls** are often collared to confirm their ownership by their **Master**, and to establish their submissive-obedience to his control. The desired collar also has rings attached so that a leash can be attached by which she can be lead around and taken to where her **Master** wishes to punish or enjoy her. If she is his favorite, the collar may be quite expensive and extravagant. Gold collars are often used when the girl will be presented with it when she leaves his control—and she can then sell the gold, if she wants, resulting in a lot of money in addition to her “**severance pay**” which can amount to 10's-of-thousands of dollars, depending on how long she remained as his **Domestic Slavegirl** and how submissively-obedient she has been, and how hard the spankings are that she could take; and, of course, how attractive she is.

Also to be considered is just how satisfying she is in providing her sexual services. A **Domestic Slavegirl** is distinguished from a **Domestic Coed/Daughter/Wife** by her sexual services and the beatings that she can take. She must be beaten repeatedly, as can be seen, in order to make her serve as desired. Does she get her mouth open to receive her **Master's** dick and cum as ordered. Does she assume the

Kneeling Punishment Position properly so she can be severely beaten to punish her and help her learn? All of these factors are considered when a girl is provided for as a result of her **Slavegirl-Services**. A proper **Slavegirl** Annie, wrote (see next photo-story):

15) My mouth is for the pleasure of my **Master** in which to thrust his cock for me to suck and stroke, and to deposit his cum when I have properly satisfied him. When the cock of my **Master** is put into my mouth and I am directed to suck it, I will do so properly as he orders for as long as I am required to do so and will learn to suck hard and stroke slow. I will not use my hands during the sucking unless directed to do so. When I am ordered to kneel and get my mouth open for him to use, I will obey and keep it open until he is inserted in my mouth when I will perform my sucking-services as desired. If I fail to do so, or if I let him slip from my mouth, or if I spill any of his cum when he deposits it in my mouth, I know that I will have to be severely whipped until I learn to perform as ordered. My sexual services are very important, and I must learn to perform as desired.

- 16) My **Master's** cum must never go to waste—I will swallow all of it when my **Master** orders me to (and be punished severely should I spill any of it from my lips, or if I swallow without permission). When he deposits his cum in my mouth, I must keep my mouth open to show him that I took it all, and then when he orders me to swallow his cum, I will do so and then open my mouth again to show that I swallowed it all and none spilled from my lips. I will clean my **Master's** cock thoroughly with my mouth and tongue, squeezing out every last drop.
- 17) I will never look into the eyes of my **Master** without his permission. My head must be bowed down, and my eyes must be cast down in the presence of my **Master** until he gives me permission to look at him.
- 18) I must always wear revealing clothing for my **Master** unless given permission to do otherwise. The clothing I wear will allow easy access to my cunt, ass and breasts. The clothing will emphasize and often exaggerate my assets. **Pleated Spanking Skirts** will often be worn, or sheer **Submission Sundresses** for his pleasure.
- 19) When others show an interest in me or what I am wearing I must ask them if they would like to see more of me and then gladly show them what they would like to see, but only after I have received permission from my **Master**. If I flaunt my body without his permission, I will be severely spanked.
- 20) I must remove all my clothing in the way I have been taught when **Master** commands of me to do so, regardless of who may be present and despite where I am. Especially at home, I know that I will most often be naked and over my **Master's** knee getting spanked, possibly for the enjoyment of our guests.
- 21) When I remove clothing from my body it must be folded neatly and placed in a small pile in front of me just ahead of my feet or my knees if I should be required to be in my kneeling position after stripping naked.
- 22) My basic attire in the presence of my **Master** shall consist of my collar as I am otherwise completely naked.
- 23) My legs, underarms and cunt must be kept completely shaved smooth and clean so that nothing of me is hidden from view. When I am given a **Cotton-Ball Inspection**, my body must be smooth, and the cotton ball must not snag on any hair stubble. Should it do so, I must bend over my **Master's** knee and spanked hard for not shaving properly. I must learn to shave smooth to please my **Master**. After I am spanked, my **Master** may order me to assume the **Huckle-Buck Shaving Position** so that he can shave me smooth as I should be. Afterwards, I will be taken back over his knee and spanked again, very hard!

24) Unless otherwise given permission – my hair must be above my shoulders exposing my shoulders and the nape of my neck—especially when I am naked, so that my **Master** may kiss and caress me as he desires. However, my hair must be kept long so that I am very sensual when he takes me out in public or falls over my head when I am over his knee getting spanked. When ordered to do so, however, my hair will be pulled back or raised to expose my neck and shoulders as desired. This is especially so when I am collared so that my neck is fully exposed for the pleasure of my **Master**.

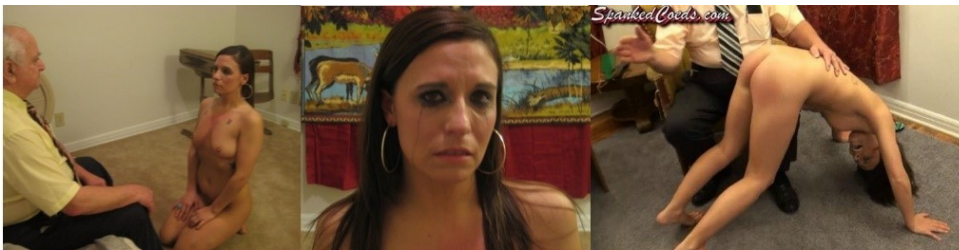

Exposing Nape of Neck

At **Girls-Spanked-Bottoms**, girls will most often be ordered to expose the nape of their neck and their shoulders. If they are wearing their hair long, they may just be ordered to pull it up when desired. Or, they may have it in a pony-tail or otherwise tied up. Here are shown how a girl may be ordered to present herself. Most often in public, her hair will hang down around her neck and shoulders, unless she is ordered to put it up on a pony-tail or some other manner.

- 25) Whenever I need to pick something up I must do so wherever possible by going into a kneeling position to pick it up or to receive something from someone else so that I do not flaunt my body by bending over. I will perform this motion according to how **Master** has taught me. Should I bend over improperly in public, I will be taken to the van, stripped naked and taken over my **Master's** knee and spanked hard with the hairbrush that is kept in the van just to use on my bottom.
- 26) My cunt and ass must be thoroughly washed and properly perfumed before serving my **Master**. My **Master** will often bathe me, and I must present my body as he orders for him to wash every part of me.

27) My "place" is on my knees before my
Master

A **Domestic Slavegirl** is often crying throughout the day as she has much to learn as she kneels at the feet of her **Master**.

Shown below, she kneels at-attention as she listens to her **Master** tell her what is expected of her and lectures her about being obedient and behaving herself. When she enters his presence, she kneels in submission with her hands placed flat on the floor over her head and waits for her **Master's** orders. But, she obeys in a loving manner, as her **Master** takes his time to help her to learn to be obedient and behave. She reports to him just before her bedtime, as he discusses her day, and then takes her over his knee and spans her before making her strip naked and spans her again.

To make sure that she is getting her work done as ordered, he supervises her as he uses a **Riding Discipline Crop** to slap her bottom to encourage her to do better. Then he ends with her over his knee spanking her hard for having to be continuously corrected as she worked. She will learn to be obedient and get her work done as ordered! She learns a lot when she is on her knees before here **Master**.

A **Domestic Slavegirl** learns a lot when she is on her knees getting spanked hard, as seen in the bottom-right photo. But, also, when necessary, she is taken to her room, stripped naked, if she is not already naked, and made to bend over her **Master's** knee to be spanked hard. Several times a day she may be in her bedroom crying convulsively to help her learn to be obedient. Or, she may be made to bend over the end of her bed so her **Master** can just beat her bottom as hard and as long as he wants, often pausing for a few minutes to enjoy hearing and watching her cry before starting in again on her bare bottom until he is satisfied that she has been spanked enough, or he is through enjoying spanking her bare bottom.

- 28) When in the home of my **Master**, but I am not in use, I will go to the place my **Master** has selected for me and kneel and wait until I am needed. I am the property of my **Master** and I must always be serving him, studying or working as ordered, or waiting for him to tell me what to do.
- 29) My greatest satisfaction is realized when I know I have pleased my **Master**.
- 30) It is natural for me to feel depressed, saddened and empty when I know I am not pleasing my **Master**. And, when I do not please my **Master**, I know that I will be over his knee getting spanked, after which I once again feel good about myself, and am happy that I can now move forward and please my **Master** as he orders. Spankings help me to cleanse my impure thoughts and my feelings of depression. I can never be depressed when I am active, and being over my **Master's** knee getting spanked is a very active activity that helps me to feel better and perform better according to the desires of my **Master**. When I am crying, I am not depressed; and when I finish crying, I am refreshed and ready to obey.
- 31) I will not hesitate in my obedience to my **Master**. Whatever my **Master** orders me to do, I do so immediately, without hesitation. However, if I do hesitate, even for a second, I know that I will be over my **Master's** knee receiving the severe spanking that I deserve for questioning my **Master's** order in the slightest way.
- 32) I will always be ready to please my **Master**.
- 33) I choose willingly to be the property of my **Master** and wish only that my **Master** will see and treat me as his property.
- 34) I must never reach orgasm without explicit permission from my **Master**. Should I reach orgasm without permission, I will endure the punishment my **Master** will put upon me. We have no "safe words", so there is no way that I can stop any punishment that he administers to me. If I resist in any way my **Master's** punishment, I know and expect to be punished even harsher and more severely.
- 35) I must tell my **Master** when I have been bad and give the reasons why I need to be punished. Self-reporting about my misbehaviors or disobediences is very important, and I will be even more harshly and severely punished if I do not self-report and my **Master** finds out what I have done.
- 36) I must never be concerned with covering myself in public when I think or know that too much of me is showing, however, I may ask my **Master** for permission to do so. If he refuses, then I know that I will have to be spanked for bothering him with my modesty where there should not have been any. My body is for his enjoyment and to be flaunted as he desires. I should know that if I am exposing my body inappropriately, he would have told me. I have no right to bother him with my own frailties and embarrassments and must be punished when I do.
- 37) I must tell my **Master** if I have had an orgasm without his permission so that I can be properly punished for my disobedience and disrespect. My sexual satisfaction and enjoyment are for the pleasure of my **Master** and I must not enjoy myself without his permission. My **Master** controls everything I do, and I cannot do anything without his permission. He tells me when I can speak, when to shut-up, when to get up, when to go to bed, when to take a bath, when I can use the toilet, when to prepare meals, when to eat, what food to get at the grocery, what to wear, what make-up I can wear (if any), what to buy when I go shopping, how much money I can spend, when and if I can masturbate, when I can have sex and with whom, when I must satisfy my **Master** or anyone else, and so on. My **Master** controls everything I do or cannot do. And, I learn by the severe, harsh, and no-mercy beatings, spankings, and whippings that my **Master** gives to my bottom and body.
- 38) My pain and pleasure are controlled by my **Master**. I will endure whatever pain my **Master** gives me when he disciplines or punishes me, so I can become a better **Slavegirl** for him. My body is for my **Master** to enjoy and punish as he desires.
- 39) I will work on building up my pain tolerances to the level my **Master** feels is necessary to please him, and he will help me by increasing the severity of my punishments with each **Punishment and Spanking Obedience Training Session**. These sessions will be administered to me at least once a week, and more if necessary, until I am at a pain-tolerance level required by my **Master**.
- 40) Through discipline and punishment, I shall learn to be obedient and to behave.

- 41) *I will never touch my breasts, nipples, bottom or clit with my hands or sex toys without permission from my **Master** except to wash my hands, shave my vulva, adjust my breasts as I fit them into clothing, rub my bottom after a spanking with my **Master's** permission, or to attach my collar as my **Master** has given me **Blanket Authorizations** to perform such tasks. For example, when I am ordered to bathe, my **Master** will give me permission to touch my body so that I may be clean. But, if he finds me touching myself at any other time, I know that I will have to be whipped hard. And this will be a severe whipping, with me strung up, a spread-bar attached to me ankles so that I may be severely whipped for a long time.*
- 42) *I must never show disrespect for my **Master** in any way—no matter where I am and whether I am in his presence or not.*
- 43) *Crying and the shedding of tears for my **Master** during punishment is good and expected for it softens my will, overcomes my resistance to his control, makes me submit to my **Master**, makes me subservient to his will, and bonds me closer to my **Master**.*

Domestic Slavegirl Crying

At **Girls-Spanked-Bottoms**, **Domestic Slavegirl's** are frequently crying throughout the day. And **Slavegirl's** know that they must cry:

Crying for my **Master** as a result of his punishment of me is good and expected, as it confirms for him the effectiveness of my spanking, it softens my will, overcomes my resistance to his control, makes me submit to my **Master**, makes me subservient to his will, and bonds me closer to my **Master**. As my **Master** spans me, I must never reach back to cover my bottom, or even begin to reach back to do so. If I even begin to remove my hands from behind my head where my **Master** has ordered me to keep them, I know that he will have to blister my bottom during an additional **Disobedience Spanking**. As I hang onto my **Master** as he whips me with a **Punishment Strap**, I let out my emotion by crying loudly, even convulsively, as the strap continues to hit the cheeks of my bottom hard. When I am over his knee getting spanked in the **Inverted-V Position**, I keep the palms of my hands and forearms flat on the floor and my toes on the floor to show that I have no resistance to the strokes that he has to administer to cause me great pain. As I lay over the arm of a sofa to present my bare bottom to be whipped, I keep my hands away from my bottom as I cry hysterically with each downward stroke of the strap.

Even when he is just lecturing me about my unacceptable behavior or disobedience, I will be crying as I am ashamed of myself for not obeying him—and knowing that soon I will be over his knee getting my bottom spanked hard as I deserve.

And, when he makes me strip naked or just bend over in any manner for my spanking, I know that he will be hitting me very hard as I scream and cry convulsively in response to each stroke. Even if he has someone else administer my spanking, he will watch to make sure that I am being hit hard enough.

However I am being spanked, I know that I will be crying during my spanking and for a long time afterwards when he is done with my bottom. And, when he is done, I will give-in to his demands, modify my behavior and adjust my attitude to conform to what he expects.

Crying is critical and very important for me to learn and submit.

- 44) The needs of my **Master** are more important than my own. My needs are fulfilled only when my **Master** allows them to be.
- 45) I must be attentive to the needs of my **Master** and always be ready to respond to them as he expects. If I am unable to perform to his needs as he demands, then I will be severely and harshly spanked until I learn to do so. There is never any excuse for me not performing as my **Master** demands.
- 46) I may suggest ways to further my training or use of me if I address my **Master** properly first. I know that I have certain fears that if used will make me obey, and I know that there are certain punishments that are more effective than others. When I let my **Master** know about what is more effective for me, I will learn better and be a better **Slavegirl**.
- 47) I must always respond fully both physically and verbally to whatever my **Master** does with me. Expressions are important to my **Master**.
- 48) I must always feel and exhibit my sensuality and sexuality—I am a sexual being whose purpose is to please my **Master** in a sensual and sexual manner.
- 49) I may at times offer various parts of my body to my **Master** in hopes that he will take pleasure in using them in whatever ways he wishes. My only hope will be that my offering will please him. If not, I want him to punish me.
- 50) During my period I must keep myself fresh and clean. I will use and change a pad or tampon as often as is required to keep me fresh and ready for my **Master**. Even during my period, I must be available to my **Master** for his use. This is why my mouth is also his cunt, to be used to satisfy him and for him to enjoy as he orders.
- 51) I will always sleep in the nude—kneeling upright first beside my bed to wait for my **Before-Bedtime Punishment Spanking** to spank me for anything I did during the day for which I have not yet been spanked, and then crawling into my bed after I have been pushed to the floor after my spanking, and I must crawl without standing up to get into bed. In the morning I will roll out of bed to kneel upright beside my bed to wait for my **Morning Obedience Spanking**. After my spanking I will be pushed to the floor and will then kneel between my **Master's** legs to take him in my mouth to suck him to thank him for my spanking and tell him that I will be obedient to him all day.
- 52) I must never tense my body, clench my bottom cheeks, pull away from a punishment stroke, or otherwise show that I am resisting in any way when I am being whipped, caned, cropped, slapped, paddled, belted, strapped, spanked, bullwhipped, anally or vaginally punished or punished in any manner. My **Master** knows that when I tense my body, or jerk away, it is a sign of resistance to the punishment he is giving me, and I must then be punished again much harder and longer. When I am, I must then be bound in the **Huckle Spanking Position** so that my bare bottom is fully exposed to receive very hard strokes of the **Punishment Strap, Jokari Punishment Paddle**, or another appropriate implement. My bare bottom must then receive the 30-minute punishment it deserves for my resistance to my **Master's** initial punishment.
- 53) I am proud to wear upon my body the marks given to me by my **Master**. After I am spanked, I enjoy going to a mirror and turning so that I can see the bruises on my bottom from my spanking. They make me proud.
- 54) I will always listen with a strong interest to what my **Master** always has to say as he continues to train me every day. I want to learn all that I can from my **Master**, so I can understand more about him and what he expects of me, and about myself, about the training of "O" and BDSM.
- 55) I will be bound as my **Master** desires to keep me in position and exposed as he desires. This is especially required when I must be strung-up to be thrashed for a long time, for an hour or more.
- 56) I expect to have my nipples pinched hard, especially if they are not erect when I report to my **Master**. My nipples are always to be erect when I report to be punished and at any time that my **Master** calls for me to report to stand in front of him.
- 57) When I am confined to a room or caged, I will remain still and silent for as long as my **Master** orders.
- 58) I will present myself as ordered by my **Master** so that he can use dildos and vibrators on me. This is especially so when I must be punished with the **Glass Punishment Dildo**.
- 59) I will kneel in submission and present myself to be fucked by anyone my **Master** orders me to receive. I must hold my position until all who are to use me have completed their use of me.
- 60) I will respond without resistance when my **Master** grabs my hair and pulls me to wherever he wants to take me to punish me or use me, or just to pull me around for his own enjoyment.
- 61) I will present myself as ordered to be handcuffed or shackled so that my **Master** may enjoy me or punish me as he wants.

- 62) I will masturbate upon demand by my **Master** in front of him and in front of anyone he orders.
- 63) I will kneel and suck my **Master** or anyone he orders me to suck.
- 64) When I take a shower, I can do so the way I like to only with the permission of my **Master**, but when I have finished washing, I must rinse my entire body with only cold water for 5 full minutes (an hour-glass 5-minute timer is provided for me to use to make sure that I do run the water for 5 minutes), so that my nipples are erect, and I am alert and ready to submit to my **Master**. Of course, when I shower, my **Master** will have given me permission to touch myself over all my body. I must make certain that I wash my groin area thoroughly. Also, I must shave my groin area, underarms, and legs so that they are smooth for my **Master's** inspection of me. After I shower, I must not try to cover my body with my arms and hands thereafter. I must not dry off but go immediately to my **Master** for his hygiene and cleanliness inspection, and for my **Cotton-Ball Inspection** after he uses my towel to dry me off or orders me to dry myself off as he watches. Normally I will have to be spanked after my inspections.
- a. However, if I am to be spanked after my shower (which means that I will be severely punished), then before I finish, I must turn the water on hot and turn away from the shower, bend forward and let the hot water run on my bottom for 5 minutes (again using the 5-minute hour-glass timer) so that it becomes very hot so that my spanking will hurt more. Or if my **Master** wants my spanking to hurt even more, he will gradually increase the temperature of the water on my bottom so that it is extremely hot. If it gets too hot, I may so inform my **Master**, but cannot stop him from increasing the temperature even more because I have complained. If I do complain, of course, I will have to receive a **Disobedience Spanking** for resisting. However, when my bottom has been heated as my **Master** wants, I will not dry off, but must immediately go to my room where my **Master** will be sitting in the straight-backed **Punishment Chair**. I will hand him the **Master's-Correction Blistering Punishment Hairbrush** and then bend over his knee in the **Inverted-V Spanking Position** and present my wet, soft, hot, round and firm bare bottom for his corrective-attention. He will then blister my bottom for 10 minutes (200 strokes::100 to each cheek) as I scream hysterically, cry convulsively and kick my feet, being sure not to interfere with the strokes of the hairbrush. If my feet interfere with the strokes of the hairbrush, I will have to be spanked again an hour later with a **Disobedience Spanking**.
- 65) When I walk, sit, or stand I will do so with such great confidence that others around me will admire my performance. I must present myself with pride so that my **Master** is recognized as having a girl who is cultured and well-behaved. I must always present myself as a **Princess-Slavegirl** who my **Master** is proud of.
- 66) When standing still I shall do so with my feet separated more than shoulder-width apart, my hands clasped behind my back and my head bowed down. I will remain silent in the way my **Master** has taught me. My feet must be spread wide so that if my **Master** wishes to cup my vulva to check me for wetness or to see how responsive I am, or to stroke my clit, he can easily do so. If I am wearing a dress or skirt and blouse, it must be a **Pleated Spanking Skirt**, or a **Sheer Spanking Sundress**, so that my **Master** can easily access my bottom or cunt. If my **Sheer Spanking Sundress** becomes stained from the wetness of my clit, I will have to be spanked and put on a fresh **Sheer Spanking Sundress**. For that reason, there must always be several **Sheer Spanking Sundress's** in the van ready for me to change into.
- 67) I will lick my **Master's** body dry as he desires after he has come out of the shower, drying off his cock last as I take him in my mouth to satisfy him and receive all of his cum.
- 68) When sitting I shall sit up straight with my legs separated and my hands palms-down on the top of my thighs.
- 69) I will not speak to others without my **Master's** permission except to say to them that they will have to speak to my **Master** first. If I look at another boy in public inappropriately, or flirt even in the slightest manner, I will be taken to the van, stripped naked, hand my **Master** the hairbrush that is kept in the van just to use on my bottom, and then bend over my **Master's** knee for a very hard spanking. Flirting without permission is insolence, and my **Master** will not tolerate me being insolent.
- 70) Privacy is a privilege—which I will not have. Even when I use the bathroom, the door must be left open. There are no closed doors in the home for me. If I want a door closed, I must ask my **Master** for permission and explain why and will be given a **Preemptive Closed-Door Spanking** and then told how long I may have the door closed. I am spanked to help me decide whether it will be worth having a door closed. And then, when I exit from a closed-door room, I will be given an **Obedience-Focusing Spanking** to remind me to now focus on what is expected of me in serving my **Master**.

- 71) As a **Favored Slavegirl**, I shall assist my **Master** in the training and use of other **Slavegirls**. I will be held responsible for their training and will be punished for any of their failures. Also, I will bring the girls to my **Master** whenever they need to be spanked or punished. Also, I shall ready other **Slavegirls** for my **Master's** use, and be spanked hard in front of them if they do not perform or serve as expected. Of course, those **Slavegirls** will also be spanked as I watch.
- 72) As a **Domestic Slavegirl** I shall perform chores for my **Master** with sexually enticing manners.
- 73) As a **Sex Slavegirl** I shall always incorporate a sexual attitude and hunger in everything I do and be eager to sexually perform for my **Master**.
- 74) When my **Master** uses me for his pleasures or for making love to and I can feel myself about ready to have an orgasm—I must ask for permission to have it or hold on till he gives me permission to do so. I must tell my **Master** if I am having an orgasm without his permission so that I can be punished for my disobedience and disrespect.
- 75) I will not date others or form a relationship with others without permission and approval from my **Master**. If I should have sex with others, I will have it safely and will always tell my **Master** in detail the sex I have had, and I will be naked and ready to receive the spanking I need for having sex with another without his permission.
